

Town Planners

From Graduate through to Senior

WHY WORK WITH US

CARLIN is delivering some of the most exciting projects across NI and ROI. We pride ourselves on innovation, quality and service. We believe in delivering value, which means we go over and above for our clients and create long lasting relationships. Every day you will be learning, developing and finding solutions. We are looking for people who share our ambitions and values.

WHO WE ARE LOOKING FOR

Recent Graduates from a degree or postgraduate qualification (accredited by the Royal Town Planning Institute (RTPI) / Irish Planning Institute (IPI), in a subject related to the environment, urban planning or property development, who want to start their career with a growing planning and environmental consultancy.

Experienced Planners who have worked in the private and / or public sector and have a fantastic understanding of the NI / UK planning system; who have Chartered Membership of the RTPI / IPI (or working towards); who are looking for a change and want the opportunity and freedom to lead on their own projects with a leading independent planning and environmental consultancy.

YOUR SKILLS

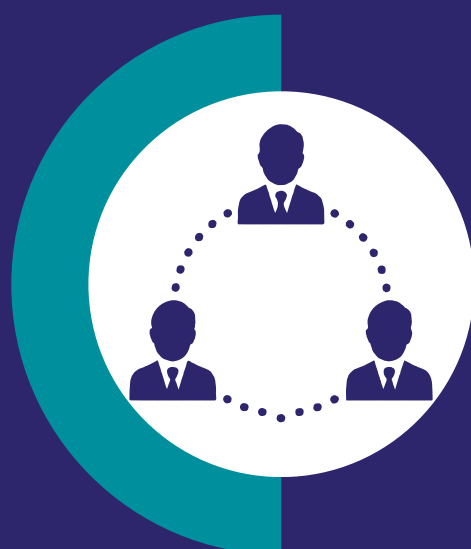

- Good communication
- Strong project management skills
- Ability to develop business relationships
- Creative thinking
- Great attention to detail
- Excellent analytical skills
- An interest in improving the places in which people live and work.

THE ROLE

Working within our small yet ambitious, passionate and driven team, and with architects and clients, you will be vital in helping the expansion of our growing company.

We do a lot more than planning applications. You will be providing strategic planning advice, preparing masterplans and finding solutions to complex problems.

APPLY TODAY!
