

Ecological Consultants

WHY WORK WITH US

CARLIN is delivering some of the most exciting projects across NI and ROI. We pride ourselves on innovation, quality and service. We believe in delivering value, which means we go over and above for our clients and create long lasting relationships. Every day you will be learning, developing and finding solutions. We are looking for people who share our ambitions and values.

WHO WE ARE LOOKING FOR

Ecological Consultants with 5+ years relevant experience and Membership of the Chartered Institute of Ecology and Environmental Management (CIEEM) or similar professional body.

You will have extensive knowledge of policy, professional standards and regulations in the UK and ROI.

Your proactive approach and enthusiasm for ecology will support our growing planning and environmental consultancy.

YOUR SKILLS

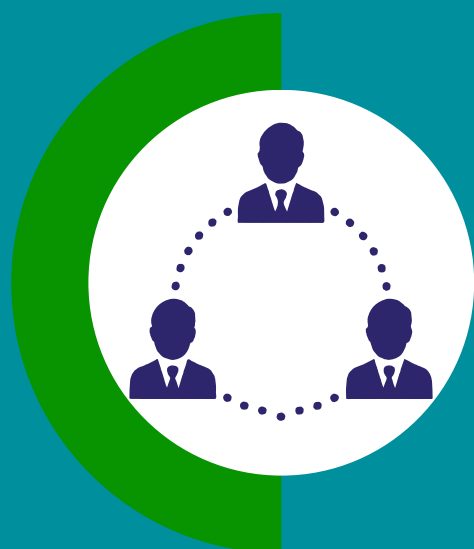

- Excellent written and verbal communication
- Excellent report writing
- Strong project management
- Ability to use your judgement and make decisions
- Ability to develop business relationships
- Excellent analytical skills
- Great attention to detail
- An interest in improving the places in which people live and work.

THE ROLE

Working within our small yet ambitious, passionate and driven team you will work on a range of projects with our private and public sector clients.

You will undertake ecological design, surveys and reporting that is fully compliant with all relevant legislation and guidance, and implement effective and innovative solutions to meet technical standards and project requirements.
